

STLS Physical Disability Surgery – NORTH AREA

This free virtual session provides an opportunity to discuss children who are not already known to STLS PD, (either anonymously or named with parental permission) that are of concern, with the specialist teachers for physical disability and/or complex medical needs who work in Sevenoaks, Dartford and Gravesham Districts.

Our aim is to support SENDCos with identifying the barriers to learning for these particular children and to provide advice and support for interventions, transitions, care planning – or just a general discussion around inclusion. It is like a pre-LIFT discussion.

TARGET AUDIENCE

Early Years SENDCos/Managers
