Sensory Club

In Sensory club pupils have access to the sensory room where they have opportunity to explore the environment and use the equipment, e.g. The magic carpet, ball pit, projectors, Interactive light boards etc.

We also do a variety of focus activities such as exploring fun tuff trays, sensory activities such as playdough, water play, jello, foam, goo etc. For those who love to get messy this club is perfect for getting their hands stuck in.

Dance Club

Dance club provides the opportunity for pupils to express themselves through dance and allow them to develop their skills and rhythm.

During dance club they will explore a variety of different music genres, dance techniques and working as a team to create dance routines that they can perform together.
