

The Queen's Life Zigzag Timeline

To complete the zigzag timeline, cut out all the pieces of the timeline and arrange them side by side, facing up. Attach them together with some tape until you have one continuous line. Find the front cover of your timeline and then fold the remaining length backwards and forwards in a concertina/accordion style. Once your timeline is folded you can open it out again and attach the events in the Queen's life. There are two options to choose from – with the first you must research the Queen's life to find out the correct year yourself. With the second, dates are provided so you only need order them correctly. Blank cards are provided with both options for you to include events in the Queen's life from your own research.
