

Shaving Foam Rain Clouds

Science Experiment

Method

1. Fill the small bowls with water, then add a different food colouring to each. The more food colouring you add, the darker the colour will be.
2. Fill your large glass or vase up to about 2/3 full.
3. Squirt a generous amount of shaving foam on top of the water to create a 'cloud'.
4. Drop small amounts of coloured water onto the 'cloud' using the pipette or syringe.

You will need:

Clear glass or vase with a wide brim

Food colouring

Shaving foam

Small bowls

Water
