Aims

What Do You Know about Bullying?

Do you know anybody who has been bullied?

Have you ever been bullied?

Bullying is hurting someone on purpose, over and over again.

It can happen face to face with actions or with words, or it can happen online through a phone, tablet or computer.

What Is Bullying?

Remember, bullying is hurting someone on purpose, over and over again. It is not when an unkind thing happens only once.

Bullying can be shouting at or teasing another person.

Bullying can be saying unkind things to somebody or whispering unkind things about somebody.

Bullying can be saying unkind things about someone's body.

Bullying can be saying unkind things about how somebody looks, what they are wearing or what they are doing.

Bullying can be saying somebody can't join in.

Why Does Bullying Happen?

Bullying sometimes happens because we are all **different**.

?

Bullies might be jealous of someone else's talents.

?

Bullies might be jealous of other friendships.

?

Bullies might feel angry or bad about themselves.

?

Bullies might have been bullied or might not understand what bullying is.

We Are All Different

We are different for lots of different reasons.
