

## Sensory home learning activities 18/01/21

Please send photographs of anything that you make or activities that you enjoy. You can email your completed work to me via [office@ifield.kent.sch.uk](mailto:office@ifield.kent.sch.uk) . I am very happy to answer any questions or just let me know how you are getting along.

Listening and Attention games are great for developing early skills in phonic awareness and attention. You can stop in between sounds to give your child the opportunity to guess, point or gaze at the right object making the sound.

You will need to collect some things together to join in with this sensory story (you can adapt to suit what you find in doors). You could start this activity by finding the resources as a treasure hunt with your child.

- water in a bowl or bucket
- wood/twig
- frozen peas/something cold
- an inflatable toy/arm bands
- ruler
- hair dryer
- toy crocodile/dragon
