Discuss which items of litter can be recycled

- [What happens to our rubbish? | BBC Teach - YouTube](#)

Task 1: Check if you have the appropriate items in your recycling bin at home.

Task 2: Check for recycling signs on those products (if there are any).

Task 3: If you do not have a recycling bin for some products, find the closest recycling plants to your house. Use an iPad, see what kind of products you can bring there to recycle.
